

# FIND WHAT'S IMPORTANT IN LIFE

## My Finder Bluetooth Tracker

### **SOMETIMES WE MUST LOSE OURSELVES IN ORDER TO FIND OURSELVES**

Misplaced keys, bags and other valuables are a thing of the past with Verbatim's My Finder Bluetooth tracker. Simply attach the versatile tag to the item you want to track and use Apple Find My app to locate it when missing.

### **LOCATE BY SOUND OR MAP**

Utilising the Apple Find My ecosystem, you can easily track your item's location. If you are in close range, select "Play Sound" in the app and follow the beep to your lost item. Alternatively, select your missing item in the app and locate it on a map. The whole process is anonymous and encrypted to protect your privacy.

### **WITH A LITTLE HELP FROM FRIENDS**

Within the app's Lost Mode, you can enter your contact details in the event that your missing item is located by someone else in the Apple Find My network.

### **DON'T LEAVE IT BEHIND**

With smart notifications enabled by default, you'll receive an alert on your phone when your My Finder is out of your Bluetooth range.
