Connect to a 4K UHD TV or monitor, using this High Speed HDMI Cable. The connector markings enable quick visual identification, distinguishing this cable from other similar-looking or unmarked HDMI cables. Eliminate guesswork and always choose the appropriate cable to support full HDMI 2.0 capabilities.

The HDMI UHD Cord features gold-plated gripping connectors to prevent accidental disconnections. The connectors attach securely to HDMI device ports, making this cable ideal for critical A/V setups such as security systems and HDMI switches.

The HDMI Monitor Cable features a flexible TPE outer jacket that is tested to withstand 2,000 bending cycles at ± 60 degrees, and routes easily around corners and desk edges. Robust strain reliefs enable convenient positioning of the cable. The durable Gold-plated connectors are rated to operate beyond 10,000 insertions.
