Features

- 500ft cable length – connector free
- Pull-box packaging
- Cat5E – 100MHz cable rating
- High-performance networking
- Pure copper construction – solid core
- 24 AWG
- Riser-rated for safe vertical installations in buildings
- Blue color
- Ideal for new network setups or upgrades

Application

- Ideal for structured cabling in commercial and office buildings, supporting Ethernet and VoIP systems.
- Suitable for vertical runs between floors in riser spaces, thanks to its CMR-rated jacket.
- Blue color enhances cable organization and identification in complex installations.
- Used in schools and universities for setting up reliable high-speed local area networks (LANs).
- Great for home networking projects requiring solid performance and code-compliant cabling.
- Useful in server rooms and data centers for patch panel to switch or wall jack connections.
