

POLY USB VIDEO BARS FAMILY OVERVIEW

Simple to set-up and easy to use, USB video bars are a go-to for those in need of lightning-fast deployments that let you stick with what you know. Just bring your laptop, plug in, and enjoy the luxury of professional quality audio and video with the familiarity of the apps you use every day.

POLY STUDIO P15

The personal video bar that's the closest thing to being there.

The Poly Studio P15 personal video bar gives you everything you need to look and sound your best while video conferencing in focus rooms or other personal spaces. Exceptional optics and powerful audio deliver a premium experience for all your remote meetings, and automatic camera framing ensures you're always seen.

- Everything needed for premium video calls built into one sleek device.
- NoiseBlockAI and Acoustic Fence technologies prevent distracting noises from interrupting your meetings.
- Easy setup with the included monitor mount that fits securely atop your display with easy adjustments for the optimal angle.
- 4K camera with 90-degree FOV captures just you and not too much else.

POLY STUDIO R30

An easy-to-use USB video bar for small conference spaces.

The Poly Studio R30 USB video bar's dynamic camera experience ensures everyone is seen clearly with pinpoint accurate automatic framing and tracking — making meetings easier and more inclusive than ever.

- Keep every participant in frame, thanks to a 120-degree field of view and 4K resolution for sharp, crisp images.
- Poly DirectorAI technology ensures everyone is seen clearly with pinpoint accurate framing and tracking.
- Hear pristine clarity and rich sound with a powerful integrated speaker featuring acoustic suspension with a passive radiator.

POLY STUDIO

Premium USB video bar built for medium-sized rooms and big ideas.

Premium performance for medium rooms everywhere. Poly Studio delivers best-in-class audio and video in an easy-to-use USB video bar. The features you need for a price you can afford.

- Best audio quality and voice clarity in its class with high fidelity stereo speaker and optional expansion microphone.
- Poly DirectorAI smart camera technology places the focus where it matters: on the people.
- Centralized management enables high-scale deployments.
- Easy setup with a PC or Mac through simple USB connectivity.

WHY BUY POLY STUDIO P15

- Designed for personal space, like focus rooms, to enable success in the hybrid workplace.
- Simple USB connectivity is ideal for shared use.
- One sleek device delivers nearly everything needed for a successful video call.

WHY BUY POLY STUDIO R30

- Optimized for small room and priced accordingly.
- Sharp 4K camera with 120-degree field of view.
- Poly DirectorAI smart camera technology.
- Powerful integrated speaker with acoustic suspension and a passive radiator.

WHY BUY POLY STUDIO

- High-fidelity stereo speakers fill the room with sound.
- Up to 15-foot microphone pickup range, or add an optional expansion mic.
- USB simplicity for BYOD, so users can bring their own laptop for video calls.
- Connect to a PC or Mac in the room for nearly any video application.
