

Logitech®

Wireless Touch Keyboard K400

Control your laptop, even when it's connected to the TV.

- 2.4 GHz wireless technology
- Low-profile keys in a compact design
- 9 cm (3.5 inch) Windows® 8 compatible touchpad
- Logitech® Unifying receiver
- 1 year battery life

Logitech® Wireless Touch Keyboard K400. For lean-back wireless control of your laptop, even when it's connected to the TV. Control your laptop without getting up from the couch thanks to the 10 m (33 ft) wireless range*. The large 3.5 inch, built-in multi-touch touchpad also makes it easy to navigate content online and on your computer. The ultrathin, compact design saves space but still provides comfortable typing, thanks to the sleek, low-profile keys that feel good and barely make a sound. The keyboard also stands vertically for easy storage when room space is limited.

* Wireless range may vary due to environmental and computing conditions.

Wireless Touch Keyboard K400
