

Washable Antimicrobial Keyboard & Mouse Combo

CKU700US

SKU: 8GY681

The CKU700 Washable Keyboard and Mouse Desktop Combo from V7 is manufactured to IP68 specifications. This ensures that it is completely sealed to prevent dust and is able to withstand submersion underwater for up to 120 minutes. The CKU700 surfaces are treated with an anti-microbial additive that inhibits the growth of microbes on the surface. Additionally, the Keyboard can be locked for cleaning, to avoid activating any keys. The Keyboard Combo also includes 2 Rubber USB Covers for Keyboard and Mouse for a complete seal during washing.

- Treated with an Antimicrobial additive during the injection molding process for complete, built-in protection to inhibit growth of microbes on the keyboard & mouse
- Keyboard and Mouse are fully machine washable
- Includes 2 Rubber USB Covers for Keyboard and Mouse for a complete seal during washing
- Keyboard can be locked for cleaning without activating keys
- Rated IP68 for complete dust prevention and able to withstand submersion in water up to 120 minutes
