

# HyperX Vision S Webcam (75X30AA)

## Overview

### Superstars Need a Stellar Camera.

Let your talents be seen in stunning clarity with the HyperX Vision S Webcam. With 4K recording capabilities and an 8-megapixel Sony Starvis™ IMX415 sensor, the HyperX Vision S is built for creators who put a lot of care into their creations' visuals. It's capable of capturing a 90° field of view to take in more of your surroundings and can capture it all in 4K at 30fps and go up to 60fps for 1080p. Responsive autofocus capabilities combined with a low-distortion glass lens help you stay in focus while it takes in all those additional details. The included magnetic privacy cover and LED indicator help defend your privacy, putting a physical barrier between you and would-be prying eyes. A universal clip mount with a ¼" mounting point make setting up this USB camera a simple task. Durable and built to last, this camera features a glass lens, aluminum body, and the detachable, ultra-flexible HyperFlex Cable. Get everything looking just right with HyperX NGENUITY Software. Adjust picture settings like contrast, saturation, white-balance, and anti-flicker, as well as camera settings like exposure, zoom, and low-light compensation in the easy-to-use software. The HyperX Vision S camera is compatible with PC and Mac systems, Windows Hello Certified, and works with recording and meeting platforms like Teams, Zoom, OBS, and Discord.

### High-Quality 4K Video Recording @ 30fps

Upgrade to 4K video recording at 30fps thanks to the Sony STARVIS™ 8-megapixel sensor. You'll also get more clarity, great low-light performance, and less light distortion with the premium glass lens.

### 90° Field-of-View with Responsive Autofocus

With a wide 90° field of view, you can capture more of your surroundings while the responsive autofocus keeps the focus on you.

### Keep Private Moments Private

Put a physical barrier between you and prying eyes with the included magnetic privacy cover and an LED indicator to let you know when the camera's active.

### Swivel and Tilt Adjustments

Make sure you've got everything set up just right. The HyperX Vision S can swivel and tilt to allow you to capture everything at your desired camera angle.

## Additional specifications

<b>Cable length</b>	1.8m
