## Overview

### Three Products, Countless Possibilities

When you're on the go across town — or the globe, you want a light, yet durable, laptop backpack that goes anywhere with you. Use this 15.6-inch[1] laptop backpack as is — or carry the sleeve and included pouch separately. Take only what you need with you — nothing more, nothing less.

### Three Products in One

When you don't know what you'll need to transport at any given moment, pick a lightweight backpack that gives you options. Three products in one, you can use the full laptop backpack, or separate the sleeve and included pouch when you want to travel light. The removable strap simplifies transport.

### Built for Any Journey

Travel to the office or across the globe with a laptop backpack that's built to last. This water-resistant twill polyester backpack comes with a comforting 3-year warranty, plus a dedicated water-resistant rain cover to protect your stuff from rain. Durable plastic D rings and buckles endure heavy handling.

### Endless Organization

Seize every day with a laptop backpack that keeps you organized on the go. The 27L total capacity includes a broad range of internal and external pockets across backpack, sleeve, and pouch. The self-attaching fabric holds your stuff tight, while the lockable zippers, with cable passthroughs, keep it safe[2].

### Built for a Better Tomorrow

Here's a functional laptop backpack that you can really feel good about wearing. With 51% post-consumer recycled plastic (PCR) (that's 61 plastic bottles[3]) and FSC® certified packaging, we've designed it with the environment in mind.
