

DELLTechnologies

The power to work beyond

Dell Pro Tower
QCT1255

Featuring AI PC options, powered by
AMD Ryzen™ 8000 Series Desktop processors

Your future-ready powerhouse

Introducing the latest PCs from the world's leading commercial AI PC brand¹

Meet the world's most compact tower PCs (under 15 liters) with versatile expandability². Engineered for high performance, Dell Pro Tower is a professional-grade PC with optional modules and a tool-less chassis design for effortless expandability.

Experience AI-enhanced productivity with AI PC options, powered by AMD Ryzen™ PRO 7 8700G and 5 8600G / AMD Ryzen™ 7 8700G and 5 8600G processors that feature a dedicated neural processing unit (NPU). Or, choose AMD Ryzen™ PRO 5 8500G and 3 8300G / AMD Ryzen™ 5 8500G and 3 8300G processors for everyday business operations.

Designed to simplify IT, this PC offers a single unified BIOS across Dell Pro Micro, Slim and Tower PCs³ to ease PC fleet management. For robust protection and efficient deployment, AMD PRO Technologies offer world-class security and manageability features.

Built for durability, this PC stands up to rigorous military-grade testing⁴, delivering reliable performance you can count on.

Introducing AI PCs from the World's leading commercial AI PC brand¹

Unlock new levels of performance with AI PC options, powered by AMD Ryzen™ PRO 7 8700G and 5 8600G / AMD Ryzen™ 7 8700G and 5 8600G processors. Equipped with a dedicated neural processor unit (NPU) and delivering up to 16 TOPS, this system is designed to tackle AI workloads, helping businesses stay ahead of the game.

For everyday performance, standard configurations are also available with AMD Ryzen™ PRO 5 8500G and 3 8300G / AMD Ryzen™ 5 8500G and 3 8300G processors.

Intentional material choices:

- 50% recycled steel in the chassis (Dell Pro Tower)³
- Up to 44% recycled plastic.⁴
- Up to 100% recycled or renewable packaging⁵ and multipack options for reduced packaging waste and lowering emissions⁶

Meets the latest environmental standards

Certified ENERGY STAR®, carries TCO certifications, and EPEAT Gold registered with Climate+ designation⁷.

Dell APEX PC as a Service⁸

Fully customizable monthly subscription that can include PCs, peripherals, software and services with no upfront investment.

Trusted reliability

Dell Pro desktops are built for reliability and durability, with less than 1% requiring service in their first year⁹.

Power packed

Dell Pro Tower offers ultimate expandability and performance in the most compact mainstream tower², under 15 liters.

Sleek, purposeful design

Re-engineered with an enhanced thermal design for optimized air flow and quieter operation.

Speed and agility with room to grow

Conquer demanding projects with up to 64GB DDR5 memory, 2 slots.

Performance comes easy with 1 M.2 SSD and a second M.2 SSD via Zoom expansion card.

Uplevel graphic performance with powerful integrated graphics options.

Expand functionality up to 3 PCIe slots.

Simplify IT

Dell offers highly secure and manageable commercial PCs, along with modern lifecycle services and solutions to make IT management a breeze.

Streamline PC fleet management with one unified BIOS across Dell Pro Micro, Slim and Tower PCs¹⁰.

Two year PC refresh lifecycle for managed transitions help reduce maintenance and support costs.

Manage your PCs over the cloud, in conjunction with Microsoft Intune, via the Dell Management Portal.

Stay ahead with the power of AI

Dell Pro Tower delivers power-efficient performance for demanding workloads with AI PC options, powered by AMD Ryzen™ 7 8700G and 5 8600G, and AMD Ryzen™ PRO 7 8700G and 5 8600G processors.

Featuring a three-tier multi-processing architecture combining CPU, GPU and dedicated NPU, AI-driven apps run faster and smoother across any project.

Run the right workload on the right engine and the right time

CPU

Ensures seamless execution of system tasks and operations.

GPU

Handles quality graphics rendering and accelerates computing tasks

NPU

Dedicated AI engine runs AI workloads consuming less power.

Work smarter

Boost productivity with an integrated AI engine designed for smarter, faster workflows. By offloading AI tasks to a dedicated neural processing unit (NPU), these processors relieve your CPU and GPU, enhancing both performance and energy efficiency. Enjoy AI-powered collaboration and intelligent task management for optimized business operations.

AMD Ryzen™ delivers seamless, sustained AI performance to keep you ahead and AMD PRO Technologies offer world-class security and manageability features, for robust protection and efficient deployment.

Bring AI to your PC

For companies looking to accelerate deployment of AI applications across their workforce, Dell delivers the industry's most comprehensive AI toolkit leveraging NPU technology¹. Dell Pro AI Studio brings AI directly to your device, perfect for keeping things running smoothly without the hefty price tag.

Sustainable innovation

Built with recycled materials

Designed with the environment in mind, Dell Pro Tower PC incorporates up to 50% post-industrial recycled steel in its chassis¹.

This desktop also features up to 44% recycled plastic including post-consumer recycled plastic and closed loop ITE derived plastic.²

Built to last

Built with high-quality components, Dell Pro desktops drive top performance and value throughout its lifecycle. Dell makes it simple to access and replace parts to get the most life out of our products.

[Parts & upgrades](#) >

More purposeful packaging

This PC ships in packaging made with up to 100% recycled or renewable content³. Multipack options are available for easier unboxing and reduces transportation and packaging waste⁴.

Seamlessly modernize your tech

We can help you refresh to the latest technology while responsibly retiring your devices, regardless of brand, while addressing your sustainability goals.

[Asset Recovery Services](#) >

Meets the latest environmental standards

These products are certified ENERGY STAR, carry TCO certification, and EPEAT Gold registered with Climate+ designation⁵.

Elevate your PC experience

Purpose-built, integrative design

Fuel productivity and collaboration with a complete Dell ecosystem that is engineered and tested for a seamless experience with your Dell Pro Tower.

- A Dell UltraSharp 27 Monitor - U2724D
- B Dell Pro Plus Wireless ANC Headset - WL5024
- C Dell Pro Premium Collaboration Keyboard and Mouse - KM900
- D Dell Pro Tower Dust Filter
- E Dell Pro Tower Cable Cover
- Dell UltraSharp Webcam - WB7022*

*Product is not shown on the image

Boost protection with optional accessories

Dell Pro Tower features an optional dust filter and cable cover. The discreet dust filter safeguards internal components, while the cable cover protects ports and organizes cables.

More advanced drop-in-box options

Ensure same time delivery and easy setup with Dell drop-in-box wireless keyboards and combos. Dell wireless keyboards offer up to 36 months of battery life for long-term performance¹. Select models include a Copilot key for instant AI access and silent keys for quiet, focused typing in open office environments.

Dell Pro Plus Keyboard and Mouse - KM7321W

Simplify IT

Our most secure commercial AI PCs¹ and manageability offerings make IT management a breeze

Security

Improve fleet-wide security with multiple layers of defense

Reduce the attack surface and enhance long-term cyber resilience with [Dell Trusted Workspace](#) >

Be secure from first boot with rigorous supply chain controls.

Maintain device integrity with deep, BIOS-level visibility.

Protect end-user identity from malware that looks to steal credentials.

Enrich OS-level data with PC telemetry to speed detection, response and remediation.

Layer on advanced threat protection from our ecosystem of best-of-breed software partners.

Shrink the IT-security gap with integrated hardware and software defenses.

[Hardware-Assisted Security](#) >

Manageability

Manage your fleet of PCs – reliably and easily

Help secure and optimize your endpoints and deliver end-user productivity with [Dell Manageability Solutions](#) >

With **Dell Management Portal**, you can manage Dell PCs, over the cloud, in conjunction with Microsoft Intune.

[Dell Management Portal](#) >

Dell Trusted Update Experience makes it simple to update endpoints with the latest BIOS and driver versions. Dell is the only Top-5 PC vendor that:

Publishes² a device drivers and downloads release schedule:

IT Admins can deploy fleet-wide device updates on a predictable timeline. [Learn More](#) >

Dell has the industry's first

Partner Portal accessible in Microsoft Intune, with fleet-wide BIOS password access capability and Enterprise application access and publication capabilities.

Simplify PC refresh with Dell Services

Enabling every step of the PC lifecycle

Dell APEX PC as a Service¹

Fully customizable monthly subscription that can include PCs, peripherals, software and services with no upfront investment.

APEX PC as a Service makes it easy to refresh to the latest PCs and seamlessly deploy, secure, manage, support and help with the retirement of devices.

[Dell APEX PC as a Service \(PCAAS\)](#) >

ProDeploy Client Suite

PC refresh starts with getting new devices in the hands of your end-users. Dell ProDeploy Suite streamlines operations and increases productivity with configured PCs that are ready to use on day one with dynamic cloud-based provisioning and imaging.

When transitioning from old to new technology, ProDeploy Plus includes the ability to securely erase sensitive end-user data with sophisticated tools to sanitize devices and includes Asset Recovery Services for responsible retirement.

[Dell ProDeploy Client Suite](#) >

ProSupport Suite for PCs

ProSupport Suite is more than a 24/7 break-fix solution, it's a set of tools that automate and optimize your environment with little to no human intervention or end-user disruption.

Select from a robust library of Dell-authored scripts that correct company-wide issues quickly, minimizing remediation times and maintaining peak system performance. ProSupport Suite provides telemetry-driven data to arm IT with insights and make targeted updates, all controlled from a single dashboard.

[ProSupport Suite for PCs](#) >

Dell Premier

324%

ROI over 3 years³

Modernize IT purchasing by shopping your catalog in a tailored online solution. Gain control over the entire IT ecosystem to cut costs, standardize ordering, access analytics and more.

FEATURE	TECHNICAL SPECIFICATION	DESCRIPTION
MODEL NUMBER ¹	Dell Pro Tower	
SUSTAINABLE MATERIALS ¹	Post-consumer recycled plastic (PCR) and closed loop ITE derived plastic - chassis: 44% Post-industrial recycled steel - chassis: 50%	Post-consumer recycled plastic is plastic waste generated by households, industrial, commercial or institutions repurposed in the desktop design. Closed loop plastic is reclaimed plastic from any disposed IT product repurposed in the desktop design. Incorporating recycled steel helps minimize the usage of virgin material and related mining activities, while re-purposing waste that would have ended up in landfills.
	Recycled or renewable materials - packaging: Up to 100%	Using recycled or renewable materials lowers waste and helps lower environmental impact. Materials may include recycled content and/or renewable content, in the form of sustainably forested fibers.
ECO-LABELS ¹	EPEAT Climate+™: Yes	This is a product level designation for EPEAT-registered products which meet the industry's best climate criteria.
	EPEAT: Gold	Meeting globally recognized eco-label certifications for sustainable IT, our customers can trust that Dell products adhere to the highest energy-efficiency specifications and other climate-related standards. Product registry: https://www.epeat.net/
	TCO Certified: Yes	TCO Certified is a leading sustainability certification for IT products, with a comprehensive system of up-to-date criteria and independent verification. Product registry: https://tcocertified.com/product-finder/
	ENERGY STAR: Yes	ENERGY STAR is a specification recognizing the most energy-efficient PC's, backed by Environmental Protection Agency (US).
MULTI-PACK SHIPPING ¹	Dell Multi-pack: Yes	Dell Multi-pack offers a simpler, more efficient unboxing experience with less packaging waste and better pallet optimization for transportation.
ASSET RECOVERY SERVICES ⁶	Asset Recovery Services: Yes	Asset Recovery Services helps you resell, recycle or return-to-lease your legacy IT equipment in a secure and sustainable manner, while unlocking value that can be put towards future innovation.
