Package Contents

Your order has been carefully packaged and inspected. The following should be included in your package. Please inspect the contents of the package to ensure that you have received all items and that nothing has been damaged. If you discover a problem, please contact us immediately for assistance.

- Digital Photo Frame
- Remote Control
- USB 2.0 Cable (Type A to mini-B)
- Power Adapter
- Instructional Manual
- Warranty / Registration Card

Getting Started

- Remove the protective film covering the LCD.
- Remove the plastic insulator from the battery on the remote control.

Set Up

STEP 1: Plug in the power adapter and then press the power button.

STEP 2: Please insert your memory card at this time. You may also insert a USB thumb / flash drive into the on-board USB 2.0 port which will be detected automatically. Slideshow will start automatically when the card is inserted. (The slideshow will start from the internal memory if no memory card is detected).

STEP 3, optional: With the built-in memory feature, you may also transfer pictures, movies and / or music files directly from your computer to your digital photo frame by attaching the included USB cable to your computers USB port. Once you connect the USB cable to the computer, you will see “PC Connected” on your photo frame. The digital photo frame will appear as an external/removable drive on your computer. You can find them when you double click on “My Computer” in Windows system. Simply drag and drop the photo, music, and/or video files you would like to have stored on your digital photo frame at this time. You may add or remove these files at any time by reattaching the frame to your computer’s USB port.

Note: You must disconnect the USB cable from your computer after transferring. You will not be able to scroll with the remote while the USB connection is established.

Operating Instructions

Selecting Which Media to View

Press the “**Exit**” button until you can view the media you have inserted into your picture frame or the included memory in the main menu.

Viewing Photos

1. Select the “**Picture**” icon on the screen.

Radio and TV Interference Statement

WARNING!!! This equipment has been tested and found to comply with the limits of a Class B digital device, pursuant to part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation

This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instruction, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by whatever measures may be required to correct the interference.

Warranty

Aluratek warrants this product against defect in material or workmanship for **1 Year** from the date of purchase.

This warranty becomes invalid if the factory-supplied serial number or “warranty void” sticker has been removed or altered on the product.

This warranty does not cover:

- A) Cosmetic damage or damage due to acts of God
- B) Accident, misuse, abuse, negligence or modification of any part of the product.
- C) Damage due to improper operation or maintenance, connection to improper equipment, or attempted repair by anyone other than Aluratek.
- D) Products sold AS IS or WITH FAULTS.

IN NO EVENT SHALL ALURATEK'S LIABILITY EXCEED THE PRICE PAID FOR THE PRODUCT FROM DIRECT, INDIRECT, SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES RESULTING FROM THE USE OF THE PRODUCT, IT'S ACCOMPANYING SOFTWARE, OR IT'S DOCUMENTATION.

Aluratek makes no warranty or representation, expressed, implied, or statutory, with respect to it's products, contents or use of this documentation and all accompanying software, and specifically disclaims it's quality, performance, merchantability, or fitness for any particular purpose. Aluratek reserves the right to revise or update it's product, software or documentation without obligation to notify any individual or entity.
