Overview

The Topaz GemView Tilt Stand (A-TSL2-1) is designed to hold the Topaz GemView 7, 10, or 10 Touch Tablet Display. With the tilt stand's 360-degree rotation and up-to-45-degree tilt, your tablet display can be easily positioned during the signing process.

The GemView Tilt Stand can be used with the following pads (model numbers beginning with):

- TD-LBK070 (GemView 7)
- TD-LBK101 (GemView 10 and 10 Touch)

Included with the A-TSL2-1 is the tilt stand, dual-sided screwdriver, and four screws.

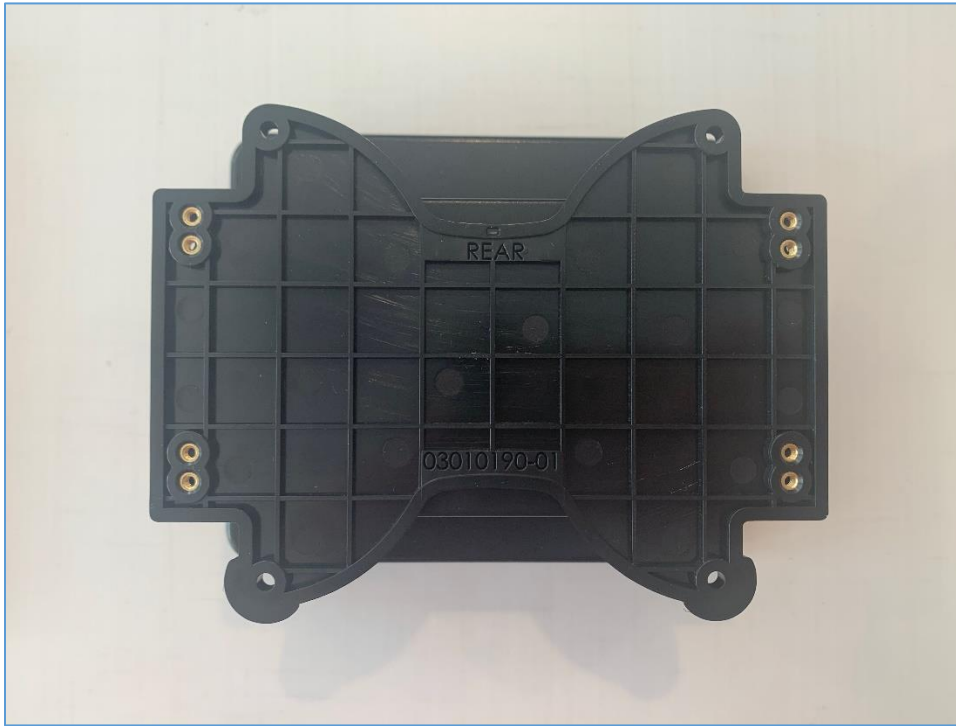

Pad Mounting Instructions

- 1) Flip the tablet display over to reveal the mounting holes for the tilt stand base.

- 2) Flip the tilt stand over to align the 4 screw holes with the ones on the GemView 10.

- 3) Rotate the bottom of the tilt stand, if necessary, for easier access in the next step.

- 4) Starting on the right side, insert 2 of the screws and tighten using the provided screwdriver.

- 5) Repeat on the left side. Your tilt stand is now securely attached to the tablet display.
